# Your recruitment partner for graduate employment

---

## 1. About Unitemps

Unitemps at City, University of London is your local, university owned recruitment agency, which specialises in sourcing quality candidates for job vacancies in Central London.

Part of a global network, we provide the complete recruitment service for temporary and permanent positions, alongside our new initiative, the Unitemps Graduate Internship.

# The Unitemps Graduate Internship

---

## 2. Enhanced student experience

**This internship has been developed to provide employers with an uncomplicated and accessible opportunity to trial a graduate in their organisation. The complete service includes:**

- Job advertising, monitoring applications and shortlisting
- Interviews arranged at a time convenient for you
- Payroll, invoicing and timesheets managed by Unitemps (timesheets are signed off by managers)
- Tailored online systems for managing candidate records and timesheets
- In-house compliance team ensuring legislative compliance is maintained
- Opportunity to hire the graduate at the end of the trial at a competitive rate

# Five reasons to try the scheme

---

3. Save money

Your hassle free opportunity to try out a graduate, with Unitemps managing the search and selection process, payroll, invoicing and timesheets

- In 2016 approximately 85% of graduates were hired on a permanent basis, after participating in the scheme when it was piloted by Unitemps Staffordshire
- Trial a graduate for a 12-week period and find out if they're a good fit for your organisation. You decide if you would like to offer them a permanent role at the end of the internship
- It's cost effective - make a saving by trialling a graduate in your organisation at a reduced rate on the Unitemps Graduate Internship
- Unitemps is a university owned organisation with 20 years' experience in the sector
- Our consultants apply an ethical, quality and community centric approach to your recruitment

**"Unitemps have placed many employees with us over the last couple of years, a good number of which have gone on to become permanent members of staff. I like the fact that no matter what requirements I have (normally language specifications), they get good quality candidates in front of me within short timescales"**
